Since its inception American Society of Embalmers has enjoyed a continuous year over year growth rate of 65+% page views per year. Page views for the most recent 12 month period were 168,900. That's over 1,650,000 hits!

Why is this especially important to you and your business? Visitors to amsocembalmers.org are a tightly targeted group of people. The vast majority of these visitors are interested in embalming products and services. This extraordinary trend demonstrates a powerful medium that **produces results for advertisers!**

Your present and future customers visit the American Society of Embalmers website everyday. It all adds up to a specialized market that is eager for the products and services that your company offers. And because you are advertising on the ASE website, your new customers will come back to amsocembalmers.org again and again, providing repeat exposure to your advertising message.

ASE is offering two different programs – a traditional online Target Banner ad program and a unique Section Sponsorship program. A select group of ASE suppliers will benefit from participation in one or both of these new programs.

Target Banner Ad Format

The Target Banner ad format is comprised of a custom graphic image. It contains your message and can include text and graphics. It will be continuously displayed on your chosen page of the ASE website. The custom design of your Target Banner ad is included in the advertising price and is based on your direction and subject to your approval. Your Target Banner ad will be linked to your company website. Your Target Banner will be returned to you for your unrestricted use at the completion of your advertising term, upon written request.

Target Banner ads on amsocembalmers.org are available in three popular sizes:

	Width	Height
Standard Banner 1	468 Pixels	60 Pixels
Standard Banner 2	392 Pixels	72 Pixels
Vertical Banner	120 Pixels	240 Pixels

Please note the following and **Act Now** for the best choice of styles and locations.

- 1) On some pages, banner style availability may be limited due to page layout.
- 2) The number of banners permitted on a page is limited, based on the individual page layout.
- 3) Banner placement within a page is determined on a first come, first served basis.
- 4) Animation development (i.e. rotating messages, pictures, etc.) is available at a nominal extra charge.

Section Sponsorship

A limited selection of high-traffic sections of the ASE website is available for sponsorship. Sponsors have a special banner ad on each page that includes the text “This section sponsored by.” The banner includes your logo and the message of your choice.

Similar in design to the Target Banner ad format, the Section Sponsorship ad is comprised of a custom graphic image. It contains your message and can include text and graphics. It will be continuously displayed on each page of your chosen section of the ASE website.

The custom design of your Section Sponsorship ad is included in the advertising price and is based on your direction and subject to your approval. Your Section Sponsorship ad will be linked to your company website. Your Section Sponsorship ad will be returned to you for your unrestricted use at the completion of your advertising term, upon written request.

Tips for Successful Web Advertising

- **Advertisers should develop content and graphics that are compelling to the website visitor.** While this may appear self-evident, a review of current Web advertising shows that a large percentage of advertisers merely supply the website owner with a graphic of their logo to be used as a banner ad. No matter how attractive a logo is, it is not considered a compelling reason for a visitor to click on a banner ad. Getting the reader to click on the ad is like getting someone to open an envelope.

*EXPERIENCE THE **SELLING POWER** OF THE INTERNET*

- **Collect as much information about the visitor as can be obtained without alienating them in the process.** Utilization of forms to collect demographics, such as requests for more information, opinion polls, surveys, etc. should be as short and simple as possible to insure that the information required will be gathered.
- **Always ask for the visitor's Email address.**
- **Whenever possible, reward the visitor with something free, such as a contest, special sale price or valuable information to be sent to the visitor by Email.**
